

London, 24th of June 2007

Hello everyone,

There's been so much going on here in London. We've set a very high working pace. We are currently working on two projects – the one joint with Hammersmith and Fulham London boroughs (Tomek, Antoni Tercha i Wotek Paszkowski are involved in the project) and the EuroMI programme (Gosia Wiktorowicz, Kasia Zagrodniczek and myself are involved in the project). Antoni and Wojtek have been preparing a few of our beneficiaries to return to Poland in the beginning of July.

There are plans for a Centre to be opened in Inverness in Scotland. Brygida Jalowe will be in charge of it. Our Dublin project is due to start in the beginning of July. The Barka Foundation UK is also in the process of registration.

All our partners send their best to the „12 Disciples Programme” participants.

Warm greetings,

Ewa, Antek, Wojtek i Tomek
